Comments include things like ‘I’m getting my friends and going down to see the exhibit’, ‘We’re definitely going to visit the park to enjoy the art exhibit up close’. September:

We will have a September meeting instead of a BBQ / Plein Air. I went back and forth with the decision. It involves getting some volunteers and lots of work to prepare the meal. I was concerned about not enough participation because of the virus and people may not want to eat meals that some else cooked, But assuming next year we will be back to somewhat normal. Hopefully we can do it next year.

So next meeting will be September 21 here, but in the East Room. I’m currently working on a artist for a demo.

Elections: Nominees to be submitted for 2021 Board Members and mail out ballots if more than 1 person running for an office. Hannah has agreed to run for President. Start thinking if you would like to run for an office or be a chairperson for a workshop or an exhibit. I think I saw a commercial for homestead state park featuring us!

Mesquite Gallery Invitational for September has been canceled this year.

Nov/Dec How many would like and come to our yearly party at this time?
